

MEETING ON R&D FOR HIGH-INTENSITY PROTON ACCELERATORS IN EUROPE
6-7 DECEMBER 1999
(Provisional programme)

Monday, 6 December 1999, Conference Room 40-SS-CO1

14:00	DIRECTOR-GENERAL, CERN	Welcome
14:10	H. KLEIN, University of Frankfurt	Current activities in the Frankfurt IAP
14:40	J.M. LAGNIEL, CEA-Saclay	Status report on IPHI and perspectives
15:10	A. PISENT, INFN-Legnaro	INFN-LNL R&D for a 100 MeV p/d linac for TRASCO and SPES
15:40		<i>Coffee Break</i>
16:00	U. RATZINGER, GSI-Darmstadt	Proton acceleration from 7 MeV to 150 MeV by an IH-structure
16:30	P. PIERINI, INFN-Milano	Activities on the high-intensity proton linac for TRASCO
17:00	K. BONGARDT, FZ-Jülich	Proton linac activities at FZ-Jülich
19:00		<i>Dinner (Glassbox, Restaurant n°1)</i>

Tuesday, 7 December 1999, Novotel, Ferney-Voltaire

08:30		<i>Transfer from parking of Building 39 to Novotel</i>
09:00	H. SAFA, CEA-Saclay	Superconductive linac for acceleration at high energy
09:30	P.A. SCHMELZBACH, PSI-Villigen	High-intensity operation of the PSI proton accelerators
10:00	A MÜLLER, IPN-Orsay	Conclusion of the Aix-en Provence workshops
10:30		<i>Coffee Break</i>
11:00	C. PRIOR, RAL	Neutrino Factory studies at RAL
11:30	I. GARDNER, RAL	The ESS accelerator R&D
12:00	N. ANGERT, GSI-Darmstadt	Some comments on the present status of discussions on GSI future options
12:15	M. NAPOLITANO, INFN-Napoli	The TRASCO project
12:35		Possible plans for high-intensity proton accelerators in France
12:55		<i>Lunch</i>
14:30	F. DYDAK, CERN	Physics motivation for a Neutrino Factory
15:00	H. HASEROTH, CERN	Report on CERN activities
15:30		<i>Coffee Break</i>
16:00		Discussion on possible subjects for collaboration
